# Registration

The user must select a role before accessing the application and registering.

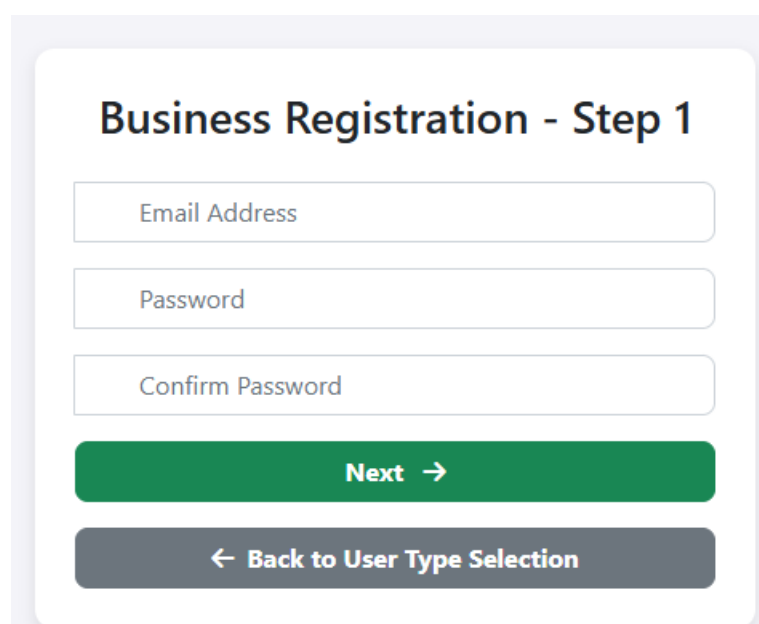

The image shows a web page for NativeSpark with a dark green header. The header contains the text "NativeSpark" on the left and "About Us Home Login" on the right. The main content area is light gray and features a white card titled "Select Your User Type". Inside the card, there are three options, each with a title, a description, and a green button:

- Business**  
For companies looking to connect and grow.  
**Register as Business**
- Indigenous Entrepreneur**  
For Indigenous Entrepreneurs to showcase the work and skills.  
**Register as Indigenous Entrepreneur**
- Basic User**  
For browsing and exploring NativeSpark.  
**Register as Basic User**

At the bottom of the card is a gray button labeled "Go Back".

The first step for all three users is the same: to choose the login (email) and password. The second step asks for specific information addressed to the user type.

The image shows a form titled "Business Registration - Step 1". It contains three input fields for "Email Address", "Password", and "Confirm Password". Below the fields are two buttons: a green "Next →" button and a gray "← Back to User Type Selection" button.

## Home Page

Business users on the home page can filter products by existing categories or by keywords searched in the product description and name.

Users can save their favourite products for later purchase or set a custom amount if their desired quantity exceeds the stock available at that moment.

Additionally, by clicking on the product image or name, a detailed summary will open.
